

be \$500,000 taken out for the year 73-74 for the Lincoln area correctional facility and there was the similar amount I presume for the Omaha unit. So it is all within the framework of revenue sharing that we are doing this, but these matters were brought to the appropriations committee.

SPEAKER: Further discussion? If not, the motion is to adopt the amendment to the amendment. The clerk will read it so we have it clear.

CLERK: Luedtke amendment, (Read)

SPEAKER: All those in favor vote aye, say aye, opposed. The amendment is adopted. Now we're back to the Luedtke amendment as amended. Is there any further discussion? Senator Luedtke, do you care to close? Then the motion shall be to adopt the Luedtke amendment as amended. All in favor vote aye, those opposed vote no. Majority of those voting. Have you all voted? Clerk will record.

CLERK: 16 ayes, 10 nays, 23 not voting.

SPEAKER: The amendment is adopted. Further amendments on the desk?

CLERK: Yes. Next one Mr. President, is an amendment offered by Senator Mahoney.

SPEAKER: Clerk will read.

CLERK: (Read)

SPEAKER: Senator Mahoney.

SENATOR MAHONEY: Mr. President, I noticed Vince got a little tongue tied on that one, you tried to put that medium minimum correctional facility, and this would include the new concept of having this type of facility in the nature areas in which the penal inmates are coming from and it would give to the Omaha area which has the medical facilities, the psychiatric facilities, all of the things that are to do some good in this area and it again would have this type of institution with the year 74 being the money that would be for the planning and staging of \$500,000 and then when it got into the year of 1975, it would be paying a share of it, which would be the actual construction and then the final ending of the fiscal year in '76, the completion of the obligation of expenditures would be the completion of the institution itself, and so the department of public institutions within the city, metropolitan city area of Omaha and Douglas county and Sarpy, that greater area there, they would have one of the type of institutions that the modern concept and penal control has recommended and I ask that this amendment be adopted.

SPEAKER: Further discussion? Senator Proud.

SENATOR PROUD: Well, Mr. President, Senator Mahoney talked to me about this amendment and as far as I am concerned it is no different basically and in theories and in all of the rest of the amendments. I object to this whole procedure. I think it is fiscally irresponsible. We're not getting any input and I don't particularly criticize them because Senator Marvel has told me that the budget committee objects to these recommendations. We're not getting any input from anybody who has listened to the various budget requests. None of us know how these particular spending requests affect the over all budget. Now at this point I would like to ask anybody who can answer how much money we have now spent beyond the recommendations of the budget committee. I would direct my question to Senator Marvel.
